

G&K-VIJUK ZK500/ZK600 KNIFE FOLDING UNIT

Heavy-duty Commercial knife folding unit

This heavy-duty folder makes up or down perpendicular folds.

- Micro settings allow precise centering and alignment of the product.
- The knife is electronically activated when the conveyor belt delivers the product to the stop.
- Its variable-speed control synchronizes with GUK machines and can be adapted to other brand primary machines.
- Height adjustable, it can be attached directly to any brand folder, stitcher, collator, or trimmer. It can also be used off-line for refolding brochures, booklets, and signatures or for other special commercial folding applications.
